Attention: Mr. Mike Sherman

Dear Mr. Sherman

This is in reply to the application for certification, submitted on your behalf by Timco Engineering Inc. for the model listed below.

I have reviewed the test report and related documents, and am pleased to advise that this device meets our procedural and specification requirements for certification. The field offices have been notified. A certification certificate is attached for:

| Model | Certificate No. | Certification No. |
|-------|-----------------|-------------------|
| 7080H | 8839 | 2796195380A |

The assigned certification number and the name of your firm must be shown on each equipment model. This certification identification information may be shown on the equipment model identification plate or on a separate label that shall be indelible and tamper proof. The certification number shall be prefixed with the word "CANADA" or "CAN" if space is very restricted. Radio equipment is certified as described on the attached certification certificate.

A website has been established to allow clients to view the status of applications for certifications, reassessments, and label orders in progress. You may also view or download various documents associated with the certification process including the latest version of the application form software. The address is <http://spectrum.ic.gc.ca/~cert/>

Sincerely,

Dan Sigouin
Telecom Certification Officer

Attachments: certificate listed above
