## 7170-EM (UL) IP Links & 7177H-88-ULP Hybrid Subscriber Maintenance Program

Enrollment in the AES Maintenance Program requires separate agreements for each individual branch/location based on the master account Dealer (DLR) Number. Maintenance Program agreements are valid for one year and customers will be notified of upcoming expiration date 60 days prior to the end of the relevant term. Cancellation of Maintenance coverage requires written notice of termination at least 30 days prior to the end of the relevant term.

### **Emergency Support Center access, 24 hours a day, 7 days a week, 365 days a year**

Access to an on-call support technician between the hours of 8:00pm and 8:00am EST, Monday - Friday and 24 hours on Saturday and Sunday. Support on Holidays is for inoperable IP Link/Hybrid when a network is down.

### **Loaner equipment for IP Link out of warranty**

Applies to IP Links only. Loaner units that are not returned will be billed at full price. *Terms & Conditions may apply, varied by product.*

### **Receive major and minor release upgrades**

Access to releases that significantly improve the product and/or add significant new functionality and minor enhancements.

### **Up to 8 hours of private online training (CEU Unaccredited Credits and Certificates) with AES Training Academy**

Private Online training with AES Training Academy is provided in increments of 2 hours and must be scheduled at a minimum of 30 days in advance with AES Technical Support. Hours are only valid during the year of current Maintenance Program and cannot be carried over. These sessions include a training instructor and the necessary Infrastructure to conduct Online training i.e., GoToMeeting/Zoom. All topics must be relevant to AES products.

*(\$110 per hour without maintenance program)*

### **Annual 1-Day (8-hour) On-site Training with AES Training Academy**

On-site training with AES Training Academy at customer location. Training must be scheduled at a minimum of 60 days in advance with AES Trainer. \$500 for first day and then \$1,000 for each additional day with this maintenance program. Customer is responsible for travel costs.

*(\$1,000 per day without maintenance program)*

### **Annual Network Health Analysis with AES Technical Support**

Access to AES Support for assistance with network planning and/or optimization services. AES will help with direction on the placement of IP Links and/or Subscriber units to ensure optimal network performance. Planning sessions must be scheduled at a minimum of 30 days in advance with AES Technical Support.

### **Advanced replacement for Subscribers**

AES will send customer a replacement board. This applies to 7744F/7788F, 7707P, 7058E, 7007P products that are within the first year of purchase.

### **Advanced replacement for Hybrid Subscribers**

AES will send customer a full unit replacement within 3 business days. Product will ship overnight and must be within the first year of purchase.

### **Advanced replacement for IP Links**

If an IP Link go down, AES will send customer a replacement plate assembly within 24 hours. Product will ship overnight and must be within the first year of purchase.

## 7170-EM (UL) IP Links & 7177H-88-ULP Hybrid Subscriber **Maintenance Program**

### **Advanced replacement for 7706-ULF Integrated Fire or 7704-DMS Dedicated Monitoring Systems**

AES will ship an advanced 7706-ULF Integrated Fire or 7704-DMS Dedicated Monitoring System replacement for a failed field unit via ground at AES's expense. Fees for faster shipping methods will be billed to the customer. Requests for advanced replacement will be processed within 24 hours. Applies to product within the first year of purchase.

### **Part Number**

IPL2
